## RULES OF ORDER.

---

RULE 1. The Chairman shall take the chair at the hour to which the Board may have adjourned: *Provided*, that in the absence of the Chairman the Board may elect one of its members temporary Chairman, who shall preside, have the same powers, and perform the same duties as the Chairman; shall immediately call the Board to order, and on the appearance of a quorum shall cause the minutes of the preceding meeting to be read, and the following order of business to be observed:

*First*—Petitions and communications.

*Second*—Reports of committees.

*Third*—Resolutions.

2. The Chairman shall decide all questions of order, subject to an appeal to the Board at the request of any two members. When an appeal is taken the Chairman may address the Board upon the point of order in dispute, and the question shall be put, "Shall the decision of the Chair stand?"

3. When a motion is made and seconded, it shall be stated by the Chairman or Secretary before being debated.

4. Every motion shall be reduced to writing, if the Chairman or any member require it, and any member may call for a statement of the question, which the Chairman may give sitting.

5. After a motion is stated by the Chairman or read by the Secretary, it shall be considered as in the possession of the Board, but may be withdrawn by the member making the motion, by leave of the Board, before decision.

6. While the Chairman is putting the question, no member shall walk across the room; and while a member is speaking, no member shall pass between the member speaking and the Chair.

7. When a member is about to speak in debate, he shall rise from his seat and address the Chair; and when two or more members shall rise at the same time, the Chairman shall name the member who shall speak first.

8. No member shall speak more than twice on the same question, nor more than once without leave of the Board, until every member wishing to speak shall have spoken.

9. When the debate or discussion of a question shall have been concluded, the Chairman shall put the question in this form, to-wit: You who are of the opinion (as the case may be), say "Aye;" those of the contrary opinion say "No;" and the yeas and nays may be called and entered upon the journal at the request of any member.

10. If the Chairman doubt, or a division be called for, the members shall decide by rising—those in the affirmative first, and afterwards the negative—and the Chairman shall determine by count, telling the number.

11. Every member present when the question is put, shall vote, unless excused by the Board.

12. In case there is not a quorum present, any number of members shall have power to adjourn; six to call the Board to order and send for the absent members.

13. Upon the call of the Board, the names of the members shall be called by the Secretary, and the absentees noted; after which the absentees shall again be called, and those for whom no excuse, or an insufficient one, is made, shall not receive a certificate of attendance for the time he or they shall have been absent.

14. No member shall absent himself from the Board without leave.

15. When a question is under consideration no motion shall be received except to postpone, lay on the table, amend, the previous question, committ or adjourn.

16. A motion to adjourn shall always be in order, and shall be decided without debate.

17. The previous question shall be put in this form: "Shall the main question be now put?"—and until it is decided shall preclude all amendments or debate. When, on taking the previous question, the Board shall decide that the main question shall not now be put, the main question shall be considered as still remaining under debate. The effect of the main question being ordered shall be to put to an end all debate, and bring the Board to a direct vote—first upon all amendments reported or pending, being first applied to the amendment last moved, and then on the main question. The Board may, at any time, by a majority vote, close all debate upon a pending amendment, or an amendment thereto, and cause the question to be put thereon, and this shall not preclude further amendment or debate upon the main subject.

18. Any member may call for a division of the question when the sense will admit of it; and when the question be considered divisible by the Chair, the same shall be divided—from which decision of the Chair an appeal may be taken by any member, as a point of order.

19. In forming the Committee of the Whole, the Chairman may leave the chair and appoint a Chairman to preside.

20. The rules of proceeding in the Board shall be observed in Committee of the Whole, so far as may be applicable.

21. In all cases not provided for in these rules, the rules of parliamentary practice comprised in Cushing's Manual shall govern.

22. The committees of the Board shall consist as follows:

*First.*—Committee on Equalization of Personal Property.

*Second.*—Committee on Equalization of Lands.

*Third.*—Committee on Equalization of Town and City Lots.

*Fourth.*—Committee on Assessment of Railroad Property (including the capital stock of railroads.)

*Fifth.*—Committee on Assessment of Capital Stock of Corporations.

*Sixth.*—Committee on General Equalization.

Said committees shall be appointed by the Board.

23. Upon the completion of the work of either of the first three mentioned committees, their report shall be submitted to the Board, where said report shall be open to alteration or amendment by the Board, or in Committee of the Whole, for at least forty-eight hours after the same has been reported, after which it may be reported to the Committee on General Equalization.

24. After the report of the first three named committees shall be referred to the Committee on General Equalization, it shall be the duty of said committee to compare the values of the different classes of property with each other, and make such alteration as said committee shall find necessary to equalize the different classes of property with each other, and report its action thereon to the Board: *Provided*, that for a more equitable equalization of the different classes of property, as aforesaid, if it is thought necessary by said committee to make any changes in the classification of property, as found in the several reports, such changes shall be reported to the Board for instructions thereon before making final report.

25. When the Committees on the Assessment of Railroad Property and the Capital Stock of Corporations make their final reports, said reports shall lie over two days for the inspection of the members of the Board.

26. That a committee of three be appointed by the Chairman of the Board, to be designated as the Auditing Committee, whose duty shall be to investigate and report all expenditures of money ordered by the Board.

27. That the hour of meeting of this Board, unless otherwise ordered, shall be nine o'clock, A. M.

28. These rules may be altered or amended by a vote of a majority of the Board, by the member or members wishing such changes or amendments giving one day's notice of the same in writing, setting forth the changes and amendments contemplated; and said rules may be suspended at any time by a two-thirds' vote of the members present.

THE CHICAGO TEACHERS' FEDERATION, CHICAGO,

437 UNITY BUILDING.

OCTOBER 8, 1900.

*To the Honorable Members of the State Board of Equalization of the State of Illinois.*

GENTLEMEN:—The undersigned, the Tax Investigating Committee of the Chicago Teachers' Federation, herewith present to you a memorandum of information, compiled by said committee. We believe the information to be correct, and are ready to produce before your Honorable Body, or its proper committee, evidence to support the statements made.

The twenty-three companies named paid no capital stock tax for last year; we trust they may this year be compelled to pay what is just. Their capital stock and bonds are valued at \$268,108.312. The tangible property of fourteen of these companies has an assessed value of \$5,676,032. The assessed valuation of the tangible property of the remaining nine companies is estimated at \$779,717. Estimated value of total tangible property is \$6,455,749. The full value is five times that sum, or \$32,278,745, leaving the valuation of intangible property subject to capital stock tax, \$235,829,567.

We respectfully request that your Board value and assess the capital stock of such companies in the manner provided by law.

Respectfully,

(Seal.)

CATHERINE GOGGIN,

TUESDAY, OCTOBER 23, 1900.

Board met at 10 o'clock a. m.

Mr. McCullough in the chair.

The following members responded to their names on call of the roll:

The secretary announced the receipt of communications addressed to the Board by sixteen persons, representing themselves to be citi-

zens and tax payers of Cook county. The contents thereof pertaining to the assessment of capital stock and franchise of corporations, said communications were referred to the Committee on the Assessment of Capital Stock of Corporations.

Mr. Pierce offered the following resolution which was adopted:

WHEREAS, representatives of the Chicago Teachers' Federation have called the attention of this Board to the alleged fact that in consequence of the low and inadequate assessment of property in Cook county, it is impossible to raise by taxation, funds sufficient to pay to the teachers in the public schools of Chicago such salaries as they deserve, and to provide for other necessary expenses,

AND WHEREAS, the returns from Cook county show a decrease in the assessment in 1900 as compared with the assessment of 1899 of \$118,263,769, or 31 2-10 per cent,

AND WHEREAS, it is absolutely essential that this Board should be fully advised as to the reasons for such decreased assessment, in order to judge of its equity, and to enable it to equalize the assessment of said county with the other assessments in the State, and to properly fix the value of the corporate property assessable by this Board,

AND WHEREAS, it is currently reported that the assessment officers of Cook county did, without warrant of law, reduce by a large percentage the assessments of real property as made and equalized in 1899,

AND WHEREAS, the fact of such alleged illegal reduction has been called to the attention of this Board by boards of supervisors and boards of review throughout the State,

*Therefore, be it resolved,* That a committee of five members of this Board be appointed by the chair to proceed to Cook county and investigate with all possible expedition the accuracy of such alleged facts, and to ascertain whether or not the real property of the county of Cook has been assessed for 1900 on the basis of its fair cash value, and if it shall find that the assessments of 1899 have, without reference to special changes in the value of the property, been reduced by some general percentage, then said committee is instructed to inquire of the Attorney General whether such action by the assessing officers of Cook county is in accordance with the provisions of the revenue laws.

Said committee is instructed to promptly report to this Board the results of its inquiries.

Mr. Cadwallader offered the following resolution, which was adopted:

*Resolved,* That the Secretary of this Board be instructed to respectfully request the county clerk of Cook county to inform this Board whether any alterations, erasures, or changes were made in the returns of any property after the said returns were delivered to said county clerk.

SPRINGFIELD, ILLINOIS, November 15, 1900.

*To the Honorable State Board of Equalization.*

GENTLEMEN:—Your special committee, appointed to inquire into the matter of a reduction of the assessment of the real estate of Cook county by the Board of Review of said county, and, if advisable, to ask for the opinion of the Attorney General of the State of Illinois upon the legality of said reduction, beg leave to report as follows:

After a thorough investigation, we find that said reduction was brought about by what amounts, in fact, to a new assessment of said real estate by said Board of Review; and we are informed by the Attorney General, whose opinion we attach hereto, that said action by said Board of Review was without warrant in law.

Therefore your committee would respectfully recommend that the matter be referred to the appropriate committees of this Board and that, inasmuch as it would be impossible to take the assessment of 1899 as the basis of equalization for the present year, said committees be instructed to take into consideration, in their work of equalization, the fact of such reduction in the assessment of real estate of Cook county, and to correct the same so far as it can be done in accordance with law, to the end that the rights of the taxpayers throughout the State may be fully protected.

Very respectfully,

T. P. PIERCE,  
S. M. BARNES,  
F. K. ROBESON,  
W. O. CADWALLADER,  
JOS. F. LONG,

*Committee.*

---

ATTORNEY GENERAL'S OFFICE,  
STATE OF ILLINOIS,

SPRINGFIELD, Nov. 9, 1900.

*Hon. T. P. Pierce, Chairman Special Committee State Board Equalization,  
Springfield, Ill.*

DEAR SIR:—In answer to your communication of the 8th instant relative to the power of the Board of Review of Cook county to make a reduction of the assessed valuation of lands and lots in that county without reference to any physical changes in real estate since the assessment of 1899, will say that I

am of the opinion that the assessment of lands and lots for the year 1899 must be taken as the assessment for the quadrennial period beginning with the year 1899, and that no changes can be made in such assessment except such as are provided for in Section 12 of the Act of 1898, in reference to the assessment of property, etc.

Paragraph 2, of Section 35, of the Act in question, gives the Board of Review full power over the assessment and authorizes it to do anything in regard thereto that the assessors might and could originally have done, but the assessors, or board of assessors, are powerless to change the assessment of 1899 of lands and lots except for some of the causes set out in Section 12 aforesaid.

I am therefore of the opinion that the Board of Review have no power to make a general reduction or increase of the assessed valuation of lands and lots without reference to physical changes or increase or decrease in value.

I remain

Very respectfully,

E. C. AKIN,

*Attorney General.*

Mr. Hirsheimer, chairman of the Committee on the Equalization of Personal Property, presented the following report from said committee:

SPRINGFIELD, ILLINOIS, December 1, 1900.

*To the Honorable State Board of Equalization.*

GENTLEMEN:—Your Committee on the Equalization of Personal Property respectfully report the result of its labors as embraced in the accompanying tables, which are made a part of this report.

We have ascertained the rate per cent of addition or deduction from the assessed value of personal property in each of the several counties of the State to bring the same to the State average, as required by law.

We have considered the relative values of personal property in each county, and made such variations from the rates per cent produced by bringing the assessment of each county to the State average, as in our judgment was necessary to a just and equitable equalization of personal property, and in so doing we have a deficit of \$10,613,721.00, which we report to the Board.

Respectfully submitted.

LOUIS D. HIRSHEIMER,  
*Chairman.*

RICHARD CADLE,  
ANDREW MCANSH,  
T. N. LEAVITT,

*Committee on Equalization of Personal Property.*

Mr. Works, chairman of the committee on assessment of railroad property, presented the following report from said committee:

SPRINGFIELD, ILLINOIS,  
December 1, 1900.

*To the Honorable State Board of Equalization.*

GENTLEMEN:—Your committee on assessment of railroad property, respectfully report that they have carefully examined the schedules and statements furnished by the various railroad companies and by the auditor of public accounts of railroad property denominated by law "Rolling Stock" and "Railroad track," and have included in the assessment against said companies, respectively, all lands, lots, and blocks described and included in the respective returns of said railroad companies, as a part of schedule "A" of railroad track, and have also included in such respective assessments all of the side or turnouts and second tracks, and all station houses, depots, machine shops or other buildings and improvements belonging to said railroad companies respectively, on said lands, lots, and blocks, so described in said schedule "A" of railroad track.

And your committee find that the assessment of tangible property of the following railroad companies leaves nothing to be assessed as "Capital Stock."

Respectfully submitted,

CHARLES A. WORKS, *Chairman.*
